

'T WAS EVER THUS

Silence is golden, yet there are a million money-mad maniacs in this world who always have and always will talk their heads off. Likewise, electricity is one of the greatest comfort producers this side of Saint Peter's famous family entrance, yet there are thousands of broad-minded comfort-seeking folks in this world who absolutely refuse to be comforted. :: :: :: :: ::

This is your opportunity to visit Tallulah Falls, and nearby points of interest such as Clayton, Mountain City and Franklin.

The Falls of the Tallulah River, down the successive stages of which the waters plunge to a depth of four hundred feet in a single mile and the marvelous chasm which they have cut into the bedrock of the Georgia spur of the Blue Ridge Mountain constitutes one of the scenic wonders of America.

You should certainly see the wonderful power developments which does not detract from the natural scenic beauty but adds greatly to the attractiveness of the place.

First class hotel accommodations will be found.

ELECTRIC CITY SPARKLETS

Items of Interest and Personal Mention Caught Over the Wireless on the Streets of Anderson

Justice Has Many Tricks

The courts of Anderson see some of the most amusing incidents ever heard of. A few days ago a man was arraigned before a magistrate on a charge of stealing a coat and demanded a trial by a jury and when he was convicted by a jury and sentenced to pay a fine of \$1.00 he did not have the money. The jury then made up the dollar and paid his fine. Yesterday the same man had a wrangle with his son, during which the son struck him and the boy was then lodged in jail on a charge of assault and battery. Late in the afternoon the man succeeded in finding a bondsman for his son and got him out of jail. All of which show that Justice moves in a mysterious way, her wonders to perform.

Was Much Ado About Nothing

A story was going the rounds in Anderson yesterday to the effect that a man kidnapped two children in this city Friday night. Later it developed that Sheriff Ashley had been able to straighten the matter out within a few minutes after it took place. It seems that a man was to take two small children out into the country for a visit to their grandparents and after he took some several drinks of a mixture called liquor, but really made of cylinder oil, he went to a house and secured two children and started for the country. He managed to get the wrong children and was mighty glad to offer an apology and get away with that.

Townville Is To Lose Pastor

The people of Townville, and especially the Baptists of that place are much pained over the fact that Rev. W. B. Hawkins, the pastor of the Townville Baptist church, has tendered his resignation to take effect the latter part of the year. During Mr. Hawkins' stay in Townville he has been able to accomplish a great deal. A protracted meeting is now going on at this church, in which Rev. J. W. Nelson of Rock Hill is assisting the pastor and large crowds are attending the services.

Only One Question Before the Public

Only one question was before the public of Anderson county yesterday and that was politics. If a man did not want to talk politics he either had to stay at home or keep his mouth shut while out on the streets because someone was continually near waiting to pounce upon the first one daring to open his mouth to mention the political situation. Interest ran high yesterday and the county candidates and state candidates had things their way here.

Back From A Camping Trip

One of the most congenial camping parties that Anderson has ever sent out into the foothills to rough it for a week returned to the city on yesterday. The party was composed of Mr. and Mrs. Bond Anderson, Mr. and Mrs. Bud Rayson and Mr. and Mrs. James N. Pearman and they have been spending a week on the Tugaloo river. They say that the fishing was fine and they had a great time from the first day they landed at the camp until they broke up the party yesterday.

Old "Persuader" To Say "Good-Bye"

It is understood that a movement is on foot in Anderson to have the cannon removed from its position in the middle of Main street to some other location. It is pointed out that the cannon interferes seriously with traffic along Main street and that it would be a great convenience to the traveling public if it were moved. Porter A. Whaley has taken the matter up with the local chapter of the Daughters of the American Revolution, and has secured their consent, and is now figuring with the city of Anderson on securing another location.

New Cafe To Be Opened

L. B. Stamps has rented the store room just next to Manos fruit stand, and is preparing to open a cafe in the building. The establishment will be known as the "Luncheonette" and Mr. Stamps says that he intends giving the public the very best that the market affords and to conduct a first class and up-to-date place at all times.

Candidates Were "Up Against It"

Political interest ran high around Anderson yesterday, in fact more interest was evinced than has yet been seen here. One candidate walked up to a party and told them that he would like to show them why he should be elected to a certain office and all the people in the party were so stirred up that they replied, "We don't need any one to tell us how to vote, go on about your business and leave us alone." This is pretty rough stuff to even try out on a candidate.

Spring Has Been Deepened

The North Anderson Development Company yesterday completed some work on one of its prettiest springs, which makes the place far more attractive than it was before. They found that they had built the rock work around the spring too high, so they have had the rock lowered, and as a result the spring now has a splendid flow. The water is exceptionally fine and cold water and hundreds of people stop there every day.

Picnic Parties Enjoying Life

The picnic parties making excursions from Anderson to near-by points every day and every evening are certainly enjoying life. A large party of Anderson people went to Williamston Friday night for a picnic at beautiful Williamston Mineral Springs and they had one of the most delightful evenings of the summer, according to the stories they told yesterday. A number of similar events are planned for next week.

Candidates Must File Their Accounts

Every candidate running for any county office should not neglect the very important matter of filing his expense account. James N. Pearman will receive these statements Monday and it is important that every candidate bear this important duty in mind, because if it is not done the candidate will not be allowed to take the office, even though he should be elected.

Governor Had Warm Welcome

Governor Bleas was given a warm welcome when he arrived in the city last night. Several hundred of his supporters from the country and from the mills paraded the streets of the city and managed to make considerable noise during the course of their progress down Main street. A number of the planters, in the city yesterday for the county campaign, remained last night for the appearance of the Governor.

Weekly Concert Is Given Today

The regular Sunday afternoon band concert will be heard this afternoon at North Anderson park and it is expected that there will be a large attendance. Last Sunday afternoon over 1,000 people went to North Anderson and this is sufficient assurance that the concerts are proving popular. Director Hembree of the Second Regiment band said yesterday that he had arranged an especially pleasing program for this afternoon.

Try Small Farm Plan

The Anderson Real Estate and Investment company has purchased 170 acres of fine farming land about five miles west of the city and has announced that they will cut this farm up into 15, 20, 25 and 30 acre tracts and offer them to the public, in an effort to encourage the tenants in the owning of their own homes and plantations. Owing to the plans which the company will pursue in selling these lands, it is believed that they will find a ready sale for every one of the farms.

Miss Bell Is In The Hospital

Dr. J. A. Anderson, of Antreville, brought Miss Pearl Bell, daughter of Magistrate W. P. Bell of Iva, to Anderson Friday and placed her in the Anderson county hospital. Dr. Harris operated on her for appendicitis, and it was said yesterday that she was doing nicely. Miss Bell has many friends in various sections of the county that will be glad to learn that she is getting along so well.

"CHICKLETS" At The BIJOU All This Week

Deputy Clerk To Leave Today

Clarence eBaty, the well known and popular deputy clerk of court, will begin his vacation today. Mr. eBaty plans to go to Millwood, popular camp on the Savannah river, and to spend several days there, following which he will return to Anderson and will probably spend a considerable part of his vacation with friends in and near the city.

WAR RISK INSURANCE

Will be Disposed of Early Next Week in the House.

(By Associated Press.)

Washington, August 22.—Although immediate consideration of the administration war risk insurance bill was blocked in the house today by Republican Leader Mann, it will be taken up early next week even if it is necessary for democratic members to invoke the rules committee for a special rule. Representative Underwood predicted it would be passed without further delay.

The measure would establish a bureau of war risk insurance in the treasury department and appropriate \$5,000 for losses incurred by vessels of American industry through hazards of war.

Away From Mexico
Foreign Warships are Clearing the Vera Cruz Port.
(By Associated Press.)

Vera Cruz, Aug. 22.—The Spanish cruiser Carlos V. sailed today from Hampton Roads. The Carlos V. is the last of the warships, other than American, which came here at the time of the American landing to leave Mexican waters.

A report was in circulation here today that John Lind, who was President of Wilson's personal representative in Mexico for a number of months, is about to return.
